

Everybody likes **ICE** In the **SUMMERTIME!**

The only indoor Ice Push Track in Europe for Bobsleigh, Skeleton and Luge will open on Monday 15th June

Torino Olympic Park makes available **an advanced indoor sport facility, the only one in Europe:** the Ice Push Track for Bobsleigh, Skeleton and Luge in Cesana Sansicario.

Professional athletes will be able to train on the track dedicated to Bobsleigh and Skeleton or on the luge track, **were ice conditions will be optimal** thanks to the dehumidification and air conditioning system.

The facility will provide the best training conditions:

- Bob and Skeleton Push Track:
 - **a timing system** with the first photoelectric cell at 5 m from the starting block and intermediate timing points every 10 m
 - **a speed trap and total time measurement device** at 65 m from the starting block
- Luge Push Track:
 - **5 intermediate timing points** every 5 m and a speed trap device at 27 m from start
- A fully equipped **weight room**

OPENING PERIOD

15 June 2009 - 15 March 2010

RATES

170 euros/hour for the push track and **50 euro/hour** for the weight room.

For each training hour on the track TOP offers **free one hour in the weight room**, to be used during the period of use of the track.

Special prices

- from June 15th to 22nd: 50% discount
- from June 22nd to 29th: 30% discount
